

## Adornments

This novel is about beauty and love and about how love can change everything. Mat and Yasmin meet (again) and this time they are ready to fall in love. We are allowed to watch how they live, love, fail and try again. They seem to be made for each other, yet it is no piece of cake to be irresistible. They realize that even a deep love such as theirs is no insurance against intruders, trespassers or dreadful misunderstandings. While Mat still wonders why others cant leave them alone, Yasmin runs into Rodrigo and becomes terribly confused. But Rodrigo turns out to be not the worst of Mats problems. There is also Janice, the nanny. . . . Then there comes a moment when everything seems over. But life has one more surprise in store and for that Yasmin and Mat have to go all the way to India.
