

Chronicles Of The Pelabruse : Book One: The Trimage Rises

Comes a tale of loss and redemption, rich with intriguing characters existing in an unseen realm both upon and below the surface world. William Berne is a man in search of answers. Answers he does not expect to find, yet is compelled to search for to honor the dying wish of his bride. With his gathered group of eclectic comrades, he will move forward in the hope that the pain and tragedy endured by them at a cold destroyer's hand may be righted, and spare unsuspecting humanity from his dark and merciless wrath. This journey challenges him to confront himself as well as his enemies. Come and see the shielded world of the Enclave. Experience an adventure different than any you have ever known, in the first book revealed through the Chronicles Of The Pelabruse.
