

Secrets of Blood & Bone: Book One in the Trilogy of Q

What if one night you discovered you were a rare breed of warrior meant to be the champion of all mankind? That you were caught in the middle of an age old war between supernatural forces and had no choice but to fight or die? Oh, and that the beautiful predator staring at you from across the room was just dying to have sex with you, or maybe eat you depending on her mood? Secrets of Blood & Bone is a fast paced paranormal adventure jam packed full of action, be it on the battle field or in the bedroom! This is the first installment in a series of books which introduces us to a strong-willed hero named Quillen Ware, or just Q to his friends. One night while working in a dangerous inner city emergency room, his security guard duties take him into the parking lot where he attempts to diffuse a gang war in the making. Riding on the heels of the bullet-riddled gang-bangers come a squad of mercenary soldiers accompanied by a pair of supernatural monsters who leave nothing but death and destruction in their wake. As Qs new life unfolds before him, he finds himself fighting for his life with a hell hound, dining with an immortal shape shifter, bantering with a genius gnome, and sharing sexual tension with a beautiful were-tiger all before the first night comes to a close. During his journey, Q must discover if his father is indeed a serial rapist and who was responsible for his real mothers death while fighting for his life and his sanity in a world where sex and violence are everyday facets of normal existence. Q fully embraces a new way of life on his way to an epic climax and a discovery that will shake not only his world but that of the entire supernatural community!
