

## Jason Talbort - The Masonic Detective

Its time for a different type of detective. Using his knowledge of the underlying spiritual laws of the universe Jason Talbort can solve any mystery or crime. As an enlightened being with awareness of how the scheme of totality functions nothing can be concealed from his keen intellect. Jason believes that the cosmic laws of existence can, once understood, be used to answer any question. For him Freemasonry holds the keys to these great understandings. Join the adventure as the Masonic mystic, magician, philosopher and psychoanalyst solves apparently unsolvable crimes using his Masonic codebreaking and enlightened logic.
