

Titus Andronicus (Classic Reprint)

Excerpt from Titus Andronicus These doubtful matters it seems best to state, without venturing an opinion. Where we have no distinct data to reason from, it is useless to try to build up hypotheses. In so far as the presumed first date has been brought forward, on this side or on that, as proving, or at least intimating, that Shakspeare did or did not write the play, it seems to me that there is no particular preponderance of weight on either side. When external evidence is at equilibrium, we are justified in confining our attention to the internal evidence, and to this, as regards Titus Andronicus, we shall come presently. A word first as to the sources of the play. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
