

Talents, Incorporated

Charlatans or Prophets? At best, the tiny Kandarian Air Fleet would fight until its last ship was blown into infinity. At worst, it would be annihilated without a chance. To young Captain Bors, either course was unthinkable. The ruthless Dictator of Mekin had already subjugated twenty-two helpless planets. Now he wanted Kandars unconditional surrender, or his vastly superior forces would blast it out of existence. It took a lot of guts, and the hope that is frequently born of despair, for a military man like Bors to throw in his lot with Talents, Incorporated, an untried, unscientific organization. Through peculiar gifts of extra-sensory perception, its personnel could, their leader insisted, out-think and out-guess even the most deadly dictator in the history of mankind. Could it? It just might. And it just might not. . . . But there was absolutely nothing to lose, and a free world (and a beautiful girl) to win. Captain Bors made his decision, and the loaded die was cast! * Aficionados of science fiction recognize and respect Murray Leinster as a writer of rare talent. His ingenuity of plot, his technical know-how and flight of imagination in Talents, Incorporated will go far to increase his stature and popularity as an exciting and thought-provoking storyteller.
