

The Debutante Divorcee

Lauren Blounts life is beautifully arranged: shes very rich, very young, very thin, very pretty -- and very, very divorced. She is the most reckless and glamorous of Manhattans Debutante Divorcee set. Lauren captivates Sylvia Mortimer, the groups token newlywed. But while Lauren sets out on a morality-lite, orgasm-heavy Make Out Challenge, Sylvia discovers her marriage isnt exactly an Eternity ad -- especially when the citys most notorious Husband Huntress zeros in on her spouse. Navigating a world of Divorce Showers and Power Christenings, Socialite Babies, Professional Friends, Gorgeous West Village Wives, and Un-Googleable Men, Sylvia fears her husband is straying and starts asking, as Lauren says, Who needs a husband anyway? With her delightful mix of charm, cheek, and satire, Sykes has written a second novel that promises to be every bit as beloved as her smash debut
