

## Heartbeat

Bill Thigpen, writer producer of the No.1 daytime TV drama was so busy watching his career soar that he never noticed his marriage collapse. Now, nine years later, living alone in Hollywood, even without his wife and kids, his life and success are still reasonably sweet. Top-of-the-chart ratings, good-natured casual affairs, and special vacations with his two young sons. His life is in perfect balance, he thinks. Adrian Townshend thought she had everything: a job she liked as a TV production assistant and a handsome husband who was a rising star in his own field. In an enviable life they worked hard for -- the American Dream. Until she got pregnant. Suddenly all she had was chaos. And Stevens ultimatum. Him or the baby. The question was: did he mean it? He did. Bill Thigpen and Adrian Townshend collided in a supermarket. And the very sight of her suddenly makes him want more in his life.... a woman he really loves, a real family again. But does he need the heartache of another man's baby, another wife? Neither does. But they couldn't help it. Danielle Steel touches the Heartbeat of two wonderful people as their friendship deepens into love, as they meet the obstacles that life presents with humor, humanity, and courage.
