

The Preferred Observer

The last great war ravaged the Earth, but what followed killed even more: The Rouge. Governments across the world are desperate to stop the plague, brought to Earth from Martian microbes. But in an effort to save Mankind, how far is too far? A motley group of people get swept up by events. Their paths cross and recross, and their actions affect others in ways they could never have foreseen. A man who should not be in the present, an orphan girl without a home, an android who begins to think independently, a psychiatric patient who was once an insider, a woman who somehow survived The Rouge, an honorable hitman and an escort with access to sensitive secrets all have a role to play. But when they get a glimpse of the truth, it may be more than they are willing to accept...
