

The Sales Crime Policeman

In the future, door-to-door sales have been outlawed, but that doesn't stop desperate salesmen from falling to those depths. Telepathic Vacuum Cleaner Salesperson Police Officers enforce the laws for their market segment. They are an elite force of officers trained to fight sales crimes. Every day, they patrol neighborhood floors armed with security strength vacuums, looking for signs of sales abuse and bad consumer decisions. And they do what they do without any desire for recognition. To prove that, they give up their names when they become officers. Then again, they don't have a choice. It is department policy. One Telepathic Vacuum Cleaner Salesperson Policeman decides he wants his name back, but he needs to do more than just complain to his best friend about it. He has been doing that for a while, and it hasn't worked so far. He needs influence. When he starts on the trail of one of the most wanted criminals in his department, he might just get his wish. He only has to catch her, but that is not an easy task. And the closer he gets, the more he finds out just how wanted she is. David J. Rollins is a new exciting author with a style all his own. His stories are unlike anything else you have ever read, unless you have read Douglas Adams, Terry Pratchett, Christopher Moore or William Rankin. And if you have read those authors, you'll love David J. Rollins. Reviews for Books by David J. Rollins The perfect book for anyone that has any problem with (any) religion. If you don't find yourself laughing at poor Requiems situation and who put him there you're definitely taking life too seriously. Dallas (Goodreads review of Angry Edenites No. 1 - The Preacher.) I certainly wasn't expecting a novelette that had me talking about it all weekend to everyone who would listen! David Rollins has created a quirky, sick, but totally enjoyable world in the Sales Crime Policeman. EM

Havens Blog (Review of The Sales Crime Policeman, emhavenswrites.blogspot.com/2014/06/em-reviews-sales-crime-policeman-by.html) This is a humorous science fiction novel that gets a gold star for imagination and for a very entertaining, whimsical book with loads of allegory. It's snarky and sarcastic and for some reason it gives me the feeling the author is a fan of Phillip Dick. Gpangel (Amazon Review of The Sales Crime Policeman)
