

Orphan Child

Dave left behind his lifelong crush at high school graduation, when she went off to college and he stayed at home to take care of his grandmother. Now, 2 years later, after no contact with her, he starts helping a 9 year old orphan, Shandra Frampton, get her life back on track. Along the way, Samantha Livingston comes back into his life, and they all have one thing in common—none of them have parents. As Dave tries to develop a plan to rekindle old true love, Shandra gives both the adults reason to believe that she is their walking miracle. * * * Join Dave Arriba on the journey of a lifetime, filled with grief, pain, and discovery.
